CONDITIONS OF AUTOMATIC TRANSFER

The purpose of automatic transfer is to electronically move funds within your NorthStar Accounts. Such transfers may be set up for loan payments, savings, checking and/or money market deposits. With auto transfer, you designate the date you would like the transfer to take place and once a month, thereafter, the transfer will be automatically.

If you are setting up an auto transfer to make your NorthStar loan payment, **PLEASE BE ADVISED THAT THE OVER-THE-COUNTER PAYMENTS WILL NOT CANCEL YOUR AUTOMATIC TRANSFER. THE TRANSFER WILL STILL TAKE PLACE ON THE DESIGNATED DATE, CREATING DUPLICATE LOAN PAYMENTS.**

If you take an advance on an open-end signature or home equity credit line, please remind your Credit Union representative to increase the amount of your automatic transfer in order to avoid additional interest charges or possible late fees.

I hereby authorize NorthStar Credit Union to make the above transfers on my account and understand the conditions of automatic transfer.
